

Chemistry Teacher Job Position

Description

Valor Christian High School is seeking a passionate and dedicated Chemistry Teacher to join our team. As a teacher at Valor, you will have the opportunity to inspire and educate our students about the principles and theories of chemistry in a Christian-centered environment. You will play an integral role in shaping the academic and spiritual growth of our students, fostering a love for learning and a deepening understanding of God's creation.

The ideal candidate will be a born-again believer with a passionate desire to disciple students and build relationships with them, pointing them to Jesus Christ.

Responsibilities

- Develop and deliver engaging and effective lessons that align with the school's curriculum and Christian values
- Create a positive and inclusive learning environment that promotes active student participation and critical thinking
- Provide guidance and support to students, helping them to achieve their academic goals and develop a strong foundation in chemistry
- Assess and evaluate student progress through a variety of methods, including tests, quizzes, and projects
- Nurture and maintain weekly communication with parents/guardians, keeping them informed about their child's academic progress and behavior
- Participate in professional development opportunities to continuously enhance teaching skills and knowledge in chemistry education

Requirements

- Bachelor's degree in Chemistry or related field; a Master's degree is preferred
- Valid teaching certification/license
- Strong knowledge of chemistry principles and theories, with the ability to teach at the high school level

- Demonstrates commitment to Christian education and the ability to integrate faith into the classroom setting
- Excellent communication and interpersonal skills, with the ability to connect with students, parents, and colleagues
- Proven track record of effective classroom management and student engagement strategies
- Ability to create and implement innovative teaching methods and instructional materials

Time

This position is part-time and begins fall of 2024.

Salary

To be determined, based on experience and qualifications.
